

VIDEOING TIPS

- Practice the ID process with your dog. Check your dog's collar is easy to work with.
- Ipad's or Smart phones are great for filming. A wide lens attachment might be useful if you are filming alone.
- Film in Landscape  not Portrait 
- Panning & zooming are ok, but not the camera operator walking around - check, and double check where the camera location.
- Keep dog & handler in the shot at all times - including between the ID process & the start....
- Check the contrast - ? black dog ?black trousers ? black lead
- Check the weather - don't film into bright sun, review wind noise.
- Consider stabilising Rally signs, camera tripod, working out where to put your Ring Number & bonus card after the ID process.
- Watch back your round before sending it in to the competition, is it the right course? have you shown the right number? Does it look like you've touched your dog? Has the handler gone off course?
